

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTc. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

**FORZA**

## **FORZA 300**

**FREED FROM CONSTRAINTS**

*LIGHTER, SHARPER  
AND SMARTER THE  
COMPACT NEW 2018  
FORZA 300 OPENS UP  
POSSIBILITIES. AND  
SETS NO LIMITS.*

---

The Forza 300 combines the best of both worlds – premium GT comfort and equipment with sports handling ability – but is reborn smaller, significantly lighter and wearing sharp, aerodynamic new style. And along with the stunning looks its powerful engine provides entertaining performance, whether accelerating quickly away from traffic lights or cruising out on the open highway. Smart, sophisticated and practical; the Forza 300 is all three and opens up a world of possibilities. It knows no boundaries – and neither will you.

## **FORZA 300**

It's good to have control and the Forza 300's electrically operated screen adjusts – at the touch of a button—through 140mm, offering the choice of extended wind protection or freedom.

Practicalities matter, too. There's room for 2 full-face helmets under the seat and it's possible to tailor the luggage compartment's internal space; the lockable inner fairing pocket houses an ACC charging socket. Full LED lighting adds a striking visual presence, the Smart Key everyday convenience.

And while its 279cc, liquid-cooled fuel-injected engine provides an entertaining ride it also delivers excellent fuel economy. For extra peace of mind Honda Selectable Torque Control (HSTC) manages rear wheel grip safely in slippery conditions.

Wrapping the engine is a brand-new steel frame, with 33mm diameter front forks and twin rear shock absorbers, plus 14-inch rear wheel and 15-inch front. Fast steering, yet stable and with ABS-controlled braking the Forza 300's lightweight chassis is primed to go.

#### ELECTRICALLY ADJUSTABLE SCREEN

Offers wind and weather protection raised and a sense of freedom when lowered.

## FORZA 300

#### DESIGN

The best of both worlds: GT comfort and equipment, sports style and ability.

#### SMART KEY

Just keep the Smart Key in a pocket to operate the Forza 300 – that's it!

#### HONDA SMART BOX (OPTIONAL)

The next level of convenience: now the top box opens with a touch of a button.

#### LOW FUEL CONSUMPTION

Strong engine performance for longer rides plus low running costs.

#### RICHER INSTRUMENT PANEL INFORMATION

Attractive analogue dials flank a digital display, which features useful information including remaining range and ambient temperature.

#### HSTC

Honda Selectable Torque Control manages rear wheel grip, for safety in slippery conditions.

#### STORAGE CAPACITY

Underseat storage for 2 full-face helmets. The compartment can be tailored to suit the rider's everyday needs, as can the lockable inner fairing pocket which also houses an ACC charger.

#### FULL LED LIGHTS

All lighting is premium LED – the bright headlight gives the Forza 300 its strong visual presence and is impossible to ignore.

## ***FORZA*** HUNGRY FOR MORE

*CONSTANTLY IN  
MOTION THE  
FORZA 125 BLENDS  
TECHNOLOGY AND  
COMFORT, WITH  
STYLE.*

---

The Forza 125 never stands still. It mixes fresh sports style with agile handling and adds GT levels of comfort and equipment. And it's powered by an engine that delivers top-of-the-class performance around the city – or out on the open road – with fuel efficiency a wallet will love. Always one step ahead it is built in support of busy city life and transports its rider just where he or she wants to go, when they want to. With the Forza 125 what's next, is now.

## **FORZA**

The Forza 125's crisp lines flow back from its new electric screen; raised it offers wind protection lowered, freedom. There's space for 2 full-face helmets under the seat, the compartment can be tailored to suit use and the lockable inner fairing pocket houses an ACC charging socket.

Full LED lighting adds visible, premium appeal and, for ultimate day-to-day riding convenience, simply put the Smart Key in a pocket and go – the Forza 125 is on.

Its liquid-cooled four-valve engine delivers strong, traffic-beating power with a twist of throttle. Environmentally friendly Idle Stop technology improves fuel efficiency; one fill-up of the 11.5L fuel tank can cover nearly 500km.

The tough tubular steel frame that underpins the Forza 125's chassis, plus sturdy 33mm telescopic forks and twin rear shock absorbers are ready for anything the road has in store, while two-channel ABS and disc brakes ensure safe, consistent stopping performance.

# FORZA

## DESIGN

The best of both worlds: sports style and ability, GT comfort and equipment.

## ELECTRICALLY ADJUSTABLE SCREEN

Offers wind and weather protection raised and a sense of freedom when lowered.

## STORAGE CAPACITY

Underseat storage for 2 full-face helmets. The compartment can be tailored to suit the rider's everyday needs, as can the lockable inner fairing pocket which also houses an ACC charger.

## LOW FUEL CONSUMPTION

Great all-round performance, low running costs.

## POWERFUL AND AGILE

Top-of-the-class engine performance and agile handling cover all the bases – in or out of town.

## RICHER INSTRUMENT PANEL INFORMATION

Attractive analogue dials flank a digital display, which features useful information including remaining range and ambient temperature.

## SMART KEY

Just keep the Smart Key in a pocket to operate the Forza 125 – that's it!

## ABS (2 CHANNEL ABS)

Optimum braking control every ride, wet or dry.

## IDLE STOP

Environmentally friendly and quiet too, good things for the city centre.

## SMART KEY TOP BOX (OPTIONAL)

The next level of convenience: now the top box opens with a touch of a button.

## FULL LED LIGHTS

All lighting is premium LED – the bright headlight gives the Forza 125 its strong visual presence and is impossible to ignore.
